Forecast for Sunday 29 Dec 2024

Weather: Cloudy but mainly dry for the Fells on Sunday, a spells of patchy drizzle for western upslopes. Some brightness may break through further east in the afternoon.

Chance of cloud-free hill tops above 800m: 20% improving to 70% during the afternoon.

Low cloud and visibility: Most fells affected by extensive low cloud in the morning but this will gradually lift and break during the day. In the morning layers above 350m are likely but lifting and becoming more scattered above 600m especially around more eastern fells. Visibility below the cloud will generally be good except in drizzle.
